Programs and Podcast

The screenshot displays a content management system dashboard. At the top, a blue navigation bar includes a menu icon, '+ Add New', 'Edit', 'Manage', and 'Help'. On the right, it shows a settings icon, a user profile for 'Greetings, Chris Eggleston', and 'Admin Screen Options'. A left sidebar contains menu items: Dashboard, Design, Content (highlighted), Traffic, Conversion, Results, and Education. The main area is titled 'Content' and features a 'Content Types' section with eight cards: Posts, Pages, Landing Pages, Portfolio, Podcast Episodes, Media, Redirect Links, and Forums. Each card has '+ New' and 'View All' buttons. Below is a 'Content Organization' section with three cards: Post Categories, Post Tags, and Podcast Network. A 'Podcast Keywords' card is partially visible at the bottom right. The 'nuegg consulting' logo is in the bottom right corner.
